

120 Collins Street, Ground Floor Plane Revitalisation Project

In September 2021, Kane Constructions was awarded the \$30 million 120 Collins Street, Ground Floor Plane Revitalisation Project under a Lump Sum contract.

Construction at 120 Collins Street will see the revitalisation of the ground floor lobby atrium structure and the refurbishment of the tower lobby finishes.

Works will also include an upgrade to the courtyard configuration and planting, as well as the modification and refurbishment of the adjoining podium structure.

Works will be delivered in an operational environment with continuous operation of tenant access to all tower tenancies, podium level tenancies, professional chambers retail, and basements.

This project will be delivered in the second quarter of 2023.
