

379 Collins Street Extension, Stage 2

In December 2018, Kane Constructions was awarded the Construction Management Contract to deliver the 379 Collins Street Extension, Stage 2 project.

The project scope consisted of the construction of an additional level of premium grade office accommodation to the existing 16 level high-rise building in the heart of Melbourne's CBD.

The building remained fully operational during construction and included lift shaft extension (staged), construction of new plant rooms (level 18), construction of a new lift motor room (level 19), fire stairwell extension, services riser extension, façade installation and also the demolition and construction of architectural and structural elements, and relocation/installation of major plant and equipment.

The main works reached Practical Completion in December 2019 and future lift upgrades are due for completion in 2020.
