

510 Church Street Office

Kane Constructions has been appointed by Alfasi Property to design and construct '510 Church Street', a sophisticated new Smart Building that will include nine levels of commercial office space, first class end of trip facilities, two levels of basement parking, ground floor food and beverage offerings, as well as multiple terrace gardens including a rooftop with spectacular views over Melbourne's sporting precinct and CBD.

Critical to the design, the building is to achieve a 5 Star Green Star rating and a 4.5 Star NABERS rating.

Designed by Cox Architecture, the project is due for completion in mid-2021.
