

## Art Gallery of NSW Lower Level 3 Precinct

Kane Constructions has been awarded the Design & Construct contract to deliver a suite of new facilities for an art scholarship, research and education in an exciting new space on Lower Level Three (LL3).

The LL3 capital works project includes the creation of a new research library and children's art library, upgraded members lounge, new guides and volunteer's hub, and upgraded amenities and catering service area for the Domain Theatre.

The extensive refurbishment includes the construction of a new facade and skylight glazing, new concrete slabs to the atrium floor, detailed structural steel elements, glazing to both the south and north atrium, and significant joinery and service upgrades.

The revitalisation of the 19th- and the 20th-century building is a key part of the Art Gallery's Sydney Modern Project transformation.

Construction is underway and the project is scheduled for completion in mid-2022.
