

Biosciences Research Centre Project (AgriBio)

A \$288 million world-class facility for agricultural biosciences research and development.

The facility accommodates up to 450 staff including scientists, students and business support staff from the Department of Primary Industries and La Trobe University.

Kane Constructions was engaged by Grocon to manage the design of 6,500m² of PC2 and PC3 laboratory spaces through the pre-bid, bid and pre-construction phases of the project.
