

Epworth Richmond Lee Wing Main Works

The Epworth Richmond Lee Wing redevelopment has been designed to respond to patient, doctor and staff expectations and to meet the needs of the 21st century, which sets a new standard in health facilities and patient care.

The redevelopment maximises the opportunities presented by advancements in technology, communications and equipment.

The \$119 million Lee Wing Main Works comprises the following services within a new 16 level building including five basement levels:

- 34 cubicle Emergency Department (stage 1)
- 26 bed Intensive Care Unit (ICU)
- Cardiac ICU & Inpatient Unit
- Consulting suites
- 119 acute inpatient rooms with ensuites
- 6 Operating theatres
- Additional car parking

The Kane team has been on campus since 2012 delivering a range of projects including early works for Pod East.

The project reached Practical Completion three months ahead of schedule in March 2016.
