

Mater Family Wellbeing Unit, Main Works

Kane Constructions QLD has been engaged by Mater Health Services to deliver the Mater Family Wellbeing Unit (MFWU).

The MFWU involves the extensive heritage refurbishment of the existing convent, providing additional outpatient and ambulatory clinics, staff research and supports services and an inpatient ward.

The project will deliver ten mother-baby suites including two high dependency units.

When complete, the project will provide the Mater with an additional special unit as part of the Mater Mother's facility.

The project will be delivered in the last quarter of 2022.
