

Penrith Panthers Multi Level Car Park

Penrith Panthers and client side project managers, Census Advisory, awarded Kane the \$16M Design & Construct contract to deliver the Penrith Panthers Multi Level Car Park project in quarter one of 2017.

The works included demolition of the existing structure, and construction of a four storey, 524 space car park, with a link bridge to the existing building.

Works also included the construction of concrete decks, installation of two lifts, a perforated metal façade, and surrounding road works.

This project reached Practical Completion in April 2018.
