

## Queens Road Depot Redevelopment

Kane Constructions has been engaged by Logan City Council under a Lump Sum contract to redevelop the Logan City Council Queens Road Animal and Pest Depot.

The project involves construction of a new 17,000m<sup>2</sup> Animal Management Centre (AMC) that will enhance community services, including animal care programs, graffiti and pest services, the education & systems services unit, and amenity safety & parking response units.

Kane is delivering the new facilities which includes six new buildings, as well as refurbishment of several existing buildings that include:

- A new administration building
- Cattery
- Cat sales
- Kennels
- Dog sales
- A community veterinary clinic
- Various plant parking
- Maintenance facilities
- Multiple carparks
- Associated access roads and extensive external works

The project will be completed in three separable portions while maintaining 24/7 operations at the facility.
