

Wollondilly Shire Council – Stage 2 Government Services Building

Kane Constructions is proud to have been selected by Wollondilly Shire Council to deliver a new state-of-the-art Government Services building in Picton.

The Council's vision is to create a vibrant precinct in Wollondilly, serving as a central hub for the local community, fostering cultural expression, promoting civic engagement, and facilitating business activity. The project forms Stage 2 of the Council's master plan for the precinct.

The Government Services Building, designed by Williams Ross Architects includes:

- Four storeys of flexible spaces
- Basement car parking
- Council staff work zones
- Council Customer Service workspace
- Public ground floor space with public amenities
- Flexible shared meeting spaces
- Commercial lettable area

Kane look forward to collaborating with Wollondilly Shire Council to deliver this exciting project.

The project is due to reach Practical Completion 2026.
