Bendigo Kangan Institute Food & Fibre Centre of Excellence

Kane were awarded the Bendigo Kangan Institute Food & Fibre Centre of Excellence project in the third quarter of 2017.

The scope of works consisted of the construction of a new food & fibre learning building as well as the refurbishment of the existing adjacent learning hub.

The Food and Fibre Centre includes a veterinary clinic, horticulture and vineyard area with greenhouses, and a multi-use space known as the 'Live Working Hub'.

This project reached Practical Completion in the first half of 2018.
