Central Sydney Ambulance Station

In September 2021, Kane Constructions was awarded the contract by NSW Ambulance to build the Central Ambulance Station on Parramatta Road, Forest Lodge. This project is a key component of the Sydney Ambulance Metropolitan Infrastructure Strategy.

With an investment of $184 million, this initiative aimed to create a vital hub for ambulance operations, logistics, and staff amenities.

Key aspects of the project include:

- Capacity to accommodate 30 ambulance vehicles and three ambulance motorcycles.
- Dedicated to serving metropolitan Sydney communities.
- Designed to improve operational efficiency and logistics for NSW Ambulance.

Kane has a strong track record, having successfully completed six ambulance stations for NSW Health Infrastructure. The Central Sydney Ambulance Station stands as their largest and most ambitious project to date.

The construction was completed in early 2024, marking a significant milestone in enhancing emergency services in Sydney.
