La Trobe University Health Clinic

Kane Constructions has successfully delivered design and construction of the new La Trobe University's new Health Clinic at the Bundoora campus.

This state-of-the-art four-level facility is a key part of La Trobe's $170 million health innovation investment and will bring together education and clinical services, supporting La Trobe's health innovation strategy and improving access to allied health care for the community.

The building provides a collaborative space for students and clinical educators across disciplines such as psychology, physiotherapy, occupational therapy, speech pathology, orthoptics, podiatry and audiology.

Designed for student-led services and interdisciplinary learning, the facility includes consultation rooms, specialist treatment areas and dedicated spaces for teaching and collaboration. Kane is proud to have contributed to a project that will strengthen health education and deliver lasting community benefit.
