Mango Hill State School, Senior Learning Centre

Kane were engaged by the Department of Education and Training (DET) under a Design and Construct contract to build a Senior Learning Centre at Mango Hill State School.

The project included the construction of a new two storey building, encompassing eight General Learning Areas (GLA) spaces withdrawal and teaching preparation areas, two Outdoor Learning Areas (OLA), and two Practical Learning Areas (PLA).

Also included within the building are amenities, stores and data, covered link access and bridge link with adjacent Block M, paths and landscape works.
