St Francis Xavier Primary School, Administration Building

This project involved the construction of a new $1.5m administration building and classrooms at St Francis Xavier School in Brisbane, Queensland.

St Francis Xavier is a Catholic, co-educational P-7 school of approximately 450 students situated in the City of Ipswich, adjacent to the Ipswich Motorway.

The school has been in existence for almost 100 years, having been established in 1910.

Works were completed in 2009 following a seven month construction programme.
