University of Sydney TAG Family Foundation Grandstand

Design and construction of the new $10 million, 1100 seat TAG Family Foundation Grandstand which is a multi-sport facility located on the University of Sydney's Oval No. 2 and home to Sydney Uni Football Club (SUFC) and Sydney Uni Soccer Football Club (SUSFC).

The grandstand accommodates a 180 seat function space, indoor cricket training facilities as well as administrative offices, sports storage spaces and a gymnasium.

Kane assembled a design team including BVN architects and Waterman for building services, structure and civil design. The key to success was the development of a design that satisfied the principal's project requirements within a tight budget, and was sympathetic to the surrounds.

The project reached Practical Completion in early in 2017.
